

NEW FROM PRIDE OF PLACE PLANTS

Clematis “Miranda”

Flocllemi EU32718

This is an integrifolia group showstopper!
Overflowing with stunning deep violet flowers displayed on a deep violet stem

- Miranda’s flowers: beautifully accented by beet-root anthers 6-8 cm (4”), 6 pointed tepals
- Miranda’s special features: compact, easy care, long lasting excellent patio clematis!
- Flowering period: late Spring continuing to early Autumn
- Height: non clinging 100-150cm (3-4ft)
- Prune: group 3 (more blooms with clipping old flowers)
- Cultivation: most garden soils and any aspect, Zone 4-9
- Inventor: Mr. Barry Fretwell/England
- Recommended use: pretty pot or ideal rambling in garden
